Manufacturers Statement

Herewith we certify Iberoptics Sistemas Ópticos, S.L.U. (Camino de Hormigueras 124-4, 3^oI, 28031, Madrid, Spain) is the sole distributor in Spain and Portugal of the thermographic cameras property of InfraTec GmbH and as such authorized to promote and sell the product range of InfraTec.

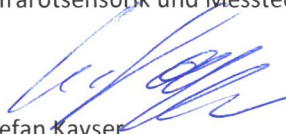

The Thermography system VarioCAM® HD head 980 with 15 mm and 60 mm lenses and IRBIS® software is to our knowledge currently the only radiometric system that provides:

- Stationary system based on an uncooled IR detector with (1024 x 768) IR-pixels
- Optomechanical MicroScan technology to enhance the resolution up to (2048 x 1536) IR-pixels also in fixed mount operation for resolution of smaller details
- Robust light metal housing with IP 54 rating
- Built in motorized focus; combinable with multifocus technology EverSharp to widen the depth of field
- Pixelwise emissivity correction using IRBIS® software

This Letter of Authorisation is valid up to 31/12/2022 and has to be renewed afterwards.

Yours sincerely

InfraTec GmbH
Infrarotsensorik und Messtechnik
